

COMPOSTING PROGRAMME
MUNICIPALITY OF LA PÊCHE

The Municipality of La Pêche is initiating a composting program to further reduce pollution and lower the costs of transporting garbage.

A few years ago, the Municipality of La Pêche began promoting recycling through the use of blue recycling containers, which greatly reduced the amount of garbage being transported to the landfill site in Argenteuil, Québec. In 2017, the emphasis will be on composting and the Municipality will be encouraging the population of La Pêche to take the initiative in this respect. The Municipality invites anyone interested in participating in this program to submit their name. Participants will be organized in groups of 20 families in different sectors of La Pêche, in order to minimize travelling. The Municipality absorbs 2\3 of the cost of the composting bins, they can be purchased at any one of the 3 hardware stores in the Municipality for the cost of \$20.00 dollars plus tax. It is hoped that every family will participate this year and thus help encourage others to do the same in the following years.

In order to participate, please fill out the form below and bring it to the municipal office or contact Mr Marcel Danis, municipal officer, at 819-456-2161, extension 2282 or by email at egout@villelapeche.qc.ca.

I want to participate in the composting programme

Name: _____

Full address: _____
No. road postal code

Phone number: _____

Email address: _____

My knowledge of composting is:

Nil Fair Good Excellent

I want to be a multiplying agent in my sector: Yes No

I agree to use the composter exclusively on my property in the municipality of La Pêche

I agree to pick up my composter at the following location:

- Matériaux Beausoleil (38, route 105)
- quincaillerie Bertrand (2, Principale Ouest)
- quincaillerie R-Cube (724, chemin Riverside)
